

Race List

Starting line positions were drawn at random. Position #1 is closest to the bike path; the higher numbers towards the backstop. Teams will have 3 to 5 places in front, depending on the size of the field.

Note: incomplete teams, fewer than 5 runners, should fill in at the end of the line nearest the backstop. The starting line is a measured arc, so that no team will have an advantage. Every runner in every race must wear their assigned number and chip.

Inc=Incomplete Team (Fill in at end of line unless given a line position)
